

## What you need to know about law firm branded client emergency ID cards and online access to essential data and healthcare documents

1. It's faster and easier to set-up clients online than to complete and submit application forms. It is also faster to select files than to print, mail or fax to a 3rd party.
2. You can print client emergency ID cards in your office in a few minutes, there is no need to wait up to two weeks to receive an ID card.
3. Print multiple cards per client – share with immediate family or physicians.
4. Traditional systems are often 5 times more expensive than newer systems (see cost analysis below)
5. Newer systems provide the means to set automatic email and sms text message reminders. "Time to review your health care data and possibly update your healthcare documents."
6. Newer systems also support easy file selection, even drag and drop to the clients account..
7. Family plans allow for private client family accounts with high capacity file storage and emergency id cards for all family members, all for a reasonable fixed fee.
8. Security may be set at the folder or file level, with user defined time frames, with full control of file view, print and download capability.
9. Files are encrypted from end to end, both in transit and at rest. Both single and dual factor authentication are supported for the best available security. Complete auditing of all activity.
10. New emergency id cards support both a web site login password entered by user, as well as, streamlined access using Smartphone and the scanning of a QR code. Use of a scanned QR code presents very well to the client at signing –very fast, very easy.

**Cost Comparison:**

Traditional systems often charge \$15 a year per individual(or \$50+ for five years)	
	For every 100 sponsored clients
- Fifty couples for a year (100 individuals)@\$15 per year,	\$1,500 one year
- Fifty couples for year (100 individuals) @\$50 per year,	\$5,000 five years
Newer systems charge \$10 for five years per individual	
- Fifty couples (100 individuals) five years @\$10	\$1,000 five years <i>(effectively \$2/client/yr)</i>

***If your firm sponsors 100 individuals per year,  
you can save \$20,000 or more over five years  
compared to older, more traditional systems***
